Some men are naked, Henderson is a fine art photographer.3 of 4 people found the following review helpful. Too many risque images to be fine artBy Careful BuyerThe models are very well built and handsome. The technical aspects are excellent. Many models show that their male member can rise to the task.

Mark Henderson sticks to his affectation for private spaces. POOLSIDE takes us in the garden, where-who wonders?-a decadent, large pool waits for us. Henderson's fascination for incredibly handsome and perfectly trained men remains the leitmotif of his work; and so does the extensive and clever editing of his pictures. Henderson presents us digital photo art on a whole new level. Cool shades of blue and green clearly dominate his new pictures, giving a refreshing contrast to these hot hunks!
